## Product Description

## Selling well both domestically and internationally

Market	Core requirement matching points	Typical application scenarios for core requirements	Local case studies
The Middle East	-Extreme weather resistance: anti fading and anti cracking performance under high temperature and sandstorm environment of 50 +. -Luxury car demand: Adapt to the fluorescent orange modification needs of supercars such as Ferrari and Lamborghini.	Luxury car refurbishment, racing car painting, SUV/pickup outdoor protection.	A high-end modification factory in Dubai has made bulk purchases for the Lamborghini Aventador fluorescent orange coating. The customer has provided feedback that the paint film hardness exceeds expectations and there is no cracking under high temperatures in the desert.
Africa	-Economic durability: High cost-effectiveness meets the high-frequency usage needs of taxis and commercial vehicles. -Strong coverage: Single layer covers scratches and paint peeling, reducing construction costs.	Used car repair, taxi/truck painting, motorcycle personalized modification.	The annual procurement volume of Kenyan taxi companies has increased by 30% due to their "single-layer spraying" saves time and materials, and the anti fading effect far exceeds that of competitors".
North America	-Environmental compliance: The low VOC formula meets national standards. -Classic car repair: Accurately restore vintage orange tones such as Chevrolet Camaro and Ford Mustang.	Classic car refurbishment, customized modification, and original repair of new cars (in cooperation with 4S stores).	Designated supplier by the Classic Car Club of Canada, replicating the 1970s Chevrolet Camaro in "Flame Orange" color, with a customer satisfaction rate of 98%.
China	-Youthfulness demand: The pursuit of personalized modified cars by young people has made fluorescent orange/energetic orange a trendy choice. -New energy vehicle matching: Suitable for customized car painting solutions of brands such as BYD and NIO.	Original color matching of new energy vehicles, trendy modified cars, and refurbishment of ride hailing/taxi services.	BYD dealer cooperation project, bulk purchase of customized "Vitality Orange" color change for Yuan PLUS model, with monthly orders exceeding 2000 liters. Customer feedback: "High color reproduction and 30% improvement in spraying efficiency".
