

1K2K Customizable Color Wear-Resistant And Weather Resistant Bright Red Car Paint

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: Ferrari
- Minimum Order Quantity: 50L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

Product Specification

- Professional Quality: Provides Professional Quality Finish
- Coating: Acrylic
- Uv Protection: Yes
- Voc: Low
- Scrub Resistance: Yes
- Weather Resistance: Yes
- Scratch Resistant: Yes
- Formula: Mekloncolormix
- Safety Features: Non-toxic, Non-flammable
- Mixing Ratio: 1/2:1
- Water Resistance: Yes
- Sheen: High Gloss
- Dry Time: 30 Minutes

Product Description

Product Core Features

Excellent weather resistance

Using UV stabilized resin, it can resist long-term erosion from sunlight, rain, and salt spray, avoiding fading or powdering.

Through ISO 6270 moisture resistance test, it maintains color stability even in extreme weather conditions.

High wear resistance and protection

The 2K version adds polyurethane curing agent, resulting in a paint film hardness of 2H-3H (pencil hardness) and resistance to stone impact and scratching.

1K version optimizes drying speed, suitable for quick repairs.

Color customization and plumpness

The bright red color scheme can be accurately adjusted to match the original factory color codes (such as Ferrari Red, Mazda Soul Red, etc.).

High concentration pigment formula, strong single-layer coverage, reducing the number of spraying passes.

Comparison of Applicable Scenarios and Advantages

Type	1K single component	2K two-component
	Fast drying, no need for curing agent, low cost	Ultra high hardness, chemical corrosion resistance, long service life
	Weak durability, suitable for short-term repairs	Accurate proportioning is required, and the construction complexity is high
	Minor scratch repair, interior color change	Vehicle spray painting, bumper, high wear areas
