## Product Description

### Premium Raw Materials from First-class Suppliers

In order to ensure the stability of product quality and the durability of color, we always insist on selecting the world's top raw material suppliers. As one of their largest customers in China, we have priority access to the latest and highest quality raw materials. This close partnership enables us to provide customers with high-quality, high-performance products.

### Excellent performance

1. High temperature resistance: able to withstand extreme temperatures ranging from -30 to 80 , suitable for tropical and cold regions;
2. Efficient curing: surface drying time  $\leq 15$  minutes, hard drying time  $\leq 1$  hour (at room temperature of 25 ), improving painting efficiency;
3. Low VOC emissions: compliant with EU REACH environmental standards, reducing construction environmental pollution.
