

High gloss environmentally friendly and low VOC red car repair and painting

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: Porsche
- Minimum Order Quantity: 50L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Box/Carton
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500L per day

Product Specification

- Product: Ready Mixed Paint
- Scratch Resistant: Yes
- Finish: Glossy
- Product Type: Car Paint
- Working: Agitator
- Function: Cleaning
- Special Features: Scratch-free And Streak-free Formula
- Water Resistant: Yes
- Number Of Coats: 2-3
- Application: Spray
- Surface Compatibility: Metal, Plastic, And Fiberglass
- Color Options: Multiple
- Coats: 2-3

Product Description

Meklon: Ferrari Red vs. Porsche Red Color characteristic comparison

Indicator	Meklon Ferrari Red	Meklon Porsche Red
Color scheme positioning	Classic Italian track red, high saturation warm tone	German industrial red, with a cool tone and a slight metallic texture
Color code	Match Ferrari original color number FER-300/9	Match Porsche original color code Porsche 1323
Visual effects	Deep and shiny, with strong reflection (such as racing car paint)	Steady and introverted, matte/metal optional (suitable for 911 and other models)
Light adaptability	Under sunlight, it presents an orange red gradient with dynamic color layers	Maintain color purity even in low light conditions, making it less prone to darkening

Differences in Process and Performance

Ferrari Red Advantage

High pearl content: Add 5% special pearl powder to enhance the shimmering sensation under sunlight.

Quick drying formula: The 1K version takes only 30 minutes (25 °) to dry, making it suitable for emergency track repairs.

High temperature resistance: Passed 150 °C/4-hour baking test, suitable for spraying around the engine compartment of supercars.

Porsche Red Advantage

Metal particle control: Using nano aluminum powder, the metal particles are arranged more evenly to avoid "flower spots".

UV resistant upgrade: The UV absorber content is 30% higher than that of standard red paint, with a 5-year color retention (ASTM G154).

Wide compatibility: The 2K version can be paired with Porsche original varnish (such as Porsche 9700) without interlayer adhesion issues.
