Product Description

Product Overview

Type: Metallic Matte Automotive Paint

Color: Dark Red with metallic matte finish

Features: fast drying, efficient, wear-resistant

Applicable scenarios: car modification, repair, industrial painting.

Core advantages

Quick drying

Drying time: 10-15 minutes (in a 25 °C environment)

Polishing time: 3-4 hours (significantly reducing construction period)

Excellent wear resistance

Hardness reaches 2H-3H (pencil hardness test)

Anti stone impact, scratch resistance, suitable for high wear areas such as bumpers and wheel hubs

Metallic matte effect

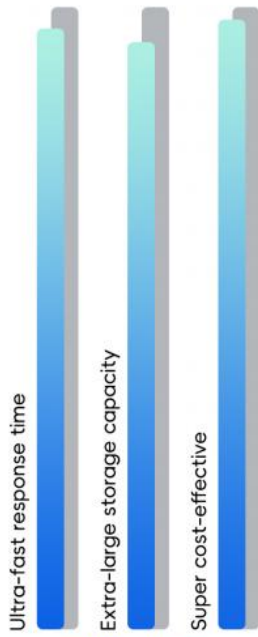

Special metal powder added, presenting a low-key and luxurious deep red matte texture

Strong color stability, $\Delta E < 2$ within 5 years (resistant to UV aging)

Efficient construction

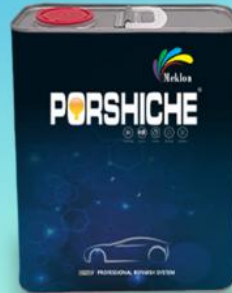

High coverage, reducing the number of spray coats (increasing single-layer coverage by 20%)

Suitable for ordinary spray guns (recommended caliber 1.3-1.5mm)

PROFESSIONAL AUTOMOTIVE PAINTS

The best supplier. Many dealers come here for our reputation. Cooperation with Fortune 500 countries. Various corporate certificates and awards.
