Product Description

Product Core Positioning

Market positioning: A factory grade red pearl repair solution designed specifically for the high-end automotive repair market.

Core advantages:

Direct supply from the manufacturer - without any intermediate links, the price is 25% -40% lower than products of the same level on the market.

Ultimate Gloss - Using nanoscale pearl powder, with a glossiness of $\geq 95\%$ (measured at 60°).

Accurate color matching - matching mainstream red pearl color schemes such as BMW 3R3 and Mercedes Benz 926 ($\Delta E < 0.5$).

Performance indicators	Parameter performance	Industry comparative advantage
Pearl Effect	Three layer gradient pearl structure (red background+gold powder+transparent layer)	50% improvement in three-dimensional effect compared to regular red pearl paint
Drying time	Surface drying time of 12 minutes/polishing time of 60 minutes (25)	30% faster than traditional products
Hardness	2H-3H (pencil hardness)	Improved key scratch resistance by 2 times
Weather resistance	5-year color retention rate $\geq 88\%$ (QUV accelerated test)	UV protection level UV-8
Construction tolerance	Support spray gun caliber of 1.3-1.5mm	Even beginners can spray professional effects

Special support from the manufacturer:

- 1.Free color matching training provided for the first batch of orders.
- 2.VIP discount price for orders starting from 50L.
- 3.Gift exclusive color card set.
