Product Description

Product Overview

This 700 pure white car paint is a high-quality original grade car paint directly supplied by the factory, designed for car owners and repair shops who pursue high glossiness, original texture, scratch resistance and wear resistance. It is based on a pure white tone, combined with a high gloss metallic texture and excellent durability, providing vehicles with long-lasting repair and refurbishment effects.

Core features of the product

Characteristics	Detail
Factory Supplied	Directly shipped from the manufacturer, ensuring original factory quality, no middleman markup, providing more competitive prices and stable supply.
High Gloss	The paint surface presents a mirror like luster, reflecting strong light, making the vehicle look brighter, more luxurious, and textured, enhancing the overall visual appeal.
Original Factory Grade Texture	Accurately matching the texture and color of the original white paint of the car, seamlessly blending after repair without visible repair marks, ensuring a perfect restoration of the new car's appearance.
Scratch & Wear Resistant	The paint film has high hardness and strong toughness, which can effectively resist scratches, friction, and slight collisions in daily use, and maintain the integrity of the paint surface for a long time.
Durable & Long-Lasting	It has characteristics such as UV resistance, acid rain resistance, and resistance to bird droppings corrosion, and can maintain bright colors, non fading, and non powdering even after long-term exposure outdoors.
Universal Fit	Suitable for sedans SUV, Commercial vehicles and various other vehicle models can be used for local repairs, vehicle refurbishment, and new car painting to meet different needs.

Summary of Product Advantages

High gloss&original texture → Make your car look brand new as if it just left the factory.

Scratch resistant and wear-resistant → reduces paint damage in daily use and extends service life.

Factory direct supply&high cost-effectiveness → Ensuring original factory quality while providing more affordable prices.

Durable and environmentally friendly → UV resistant and corrosion-resistant, maintaining a beautiful appearance for a long time.
