Product Overview

This 1K/2K deep red high gloss car paint is a high-performance coating designed specifically for car maintenance, refurbishment, and personalized customization. It offers a single component (1K) convenient application and a two-component (2K) high durability enhanced dual version selection, based on a rich and full-bodied deep red tone, combined with high gloss and excellent durability, perfectly adapting to the repair and upgrade needs of various car models, balancing efficiency and quality.

Characteristics	Technical highlights
Classic deep red tone	Precise blending of deep red, with rich and full colors and strong visual impact, suitable for classic sports cars, luxury sedans or personalized modification needs, balancing fashion and stability.
Efficient Construction (1K/2K Dual Version)	-1K version: Single component design, no need for additional curing agent, ready to use upon opening, fast drying (15-30 minutes for surface drying), convenient construction, suitable for small area repairs or emergency repairs. -2K version: two-component (paint+curing agent), formed into a film through chemical reaction, with higher hardness and stronger adhesion, suitable for large-area spraying or high demand scenarios.
Full vehicle compatibility	Color stability has been tested on multiple vehicle models and is suitable for sedans SUV, All mainstream models such as sports cars and commercial vehicles are accurately matched with the original deep red series (such as Ferrari Classic Red, Porsche Racing Red, etc.).
Flexible selection	Provide multi specification packaging of 0.5L/1L/2.5L/4L/5L, suitable for different construction scales (small repairs or whole vehicle spraying), and support OEM/ODM customization (such as adjusting color saturation or glossiness).
