

Chinese Factory Car Paint Specially Developed For Tropical Climate

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Minimum Order Quantity: 100Boxes
- Price: 2.63 ~ 6.43 USD
- Packaging Details: Can/Carton
- Delivery Time: 7 - 15 work day
- Payment Terms: T/T
- Supply Ability: 1000Boxes

Product Specification

- Surface Compatibility: Metal, Plastic, And Fiberglass
- Net Weight: 0.95KG
- Chemical Resistant: Yes
- Water Resistant: Yes
- Specification: 1LX12
- Suitable Surfaces: Metal, Plastic, Fiberglass
- Resistance: Scratch, UV, Chemicals
- Solvent Resistant: Yes
- Topcoat Required: Yes
- Formula: Mekloncolormix
- Easy To Clean: Yes
- Sales Area: Global Accessibility
- Highlight: **tropical climate car paint,**
refinish paint for tropical weather,
Chinese car paint for heat resistance

Product Description

Chinese Factory Car Paint Specially Developed For Tropical Climate

Meklon Automotive Paint Manufacturer - Professional Solutions Focused on Tropical Climate

Meklon is a professional automotive paint manufacturer with over 10 years of experience, specializing in providing customized solutions for tropical climate regions. We have deeply studied the challenges of local high temperature, strong ultraviolet ray and high humidity environment, and have developed a series of automobile paint products with UV resistance, high temperature resistance, moisture resistance and high abrasion resistance. Through special formulas, we have enhanced the stability of the paint film, and long-term use will not fade, powdery, or fall off. That is to say, under the tropical environment of intense sunshine and frequent rainstorm, the color will remain bright and the paint surface will remain firm.

With over 10 years of technological accumulation and continuous innovation, Meklon has become a trusted brand in the automotive repair and beauty markets in tropical regions, helping partners easily cope with climate challenges and improving end customer satisfaction!

Characteristics of tropical climate specific automotive paint

Our carefully developed automotive paint has the following core advantages based on the special needs of customers in tropical climate regions

- **Super strong UV resistance**

Special formula effectively resists strong ultraviolet rays, preventing paint fading and aging

- **Excellent wear resistance**

Advanced coating technology provides excellent scratch resistance and wear resistance, extending the lifespan of the paint surface

- **high temperature resistance**

Maintain stable performance in extreme high temperature environments, without cracking or discoloration

- **anti-corrosion**

Resist corrosive factors in tropical humid environments and protect the vehicle from damage
