

Chinese Origin Manufacturers Directly Sell Automotive Beauty Products Such As Decorative Paper And Tape

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: CHINA
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Minimum Order Quantity: 100Boxes
- Price: 2.45 ~ 6.65USD
- Packaging Details: Boxes/Carton
- Delivery Time: 7~15work day
- Payment Terms: T/T
- Supply Ability: 1000Boxes/day

Product Specification

- Product Type: Automotive Paint Care Product
- Surface Compatibility: Metal, Plastic, And Fiberglass
- Surface Preparation: Sanding And Cleaning
- Safety Features: Non-toxic, Non-flammable
- Product Usage: Exterior Car Cleaning
- Water Resistance: Yes
- Application: Various Applications
- Storage: Dry

Product Description

Direct Sales Of Automotive Beauty Products From Chinese Origin Manufacturers - Suitable For Wholesale Purchase By Distributors

Overview of Meklon Automotive Paint Accessories Product Diversity

Meklon has been deeply involved in the field of automotive paint accessories for many years, with a comprehensive and flexible product line that adapts to diverse needs, providing global customers with one-stop solutions from basic construction to fine repair.

Complete core categories: covering key auxiliary materials throughout the entire process of automotive paint repair, including primer (such as filling type, corrosion-resistant type), topcoat (high gloss/matte/metal color adaptation), clear coat (wear-resistant/weather resistant coating), curing agent/diluent (precise matching of main agent ratio) and other supporting auxiliary materials, as well as construction auxiliary tools such as sandpaper (multi particle coarse grinding to fine polishing), spray gun cleaner (quick decomposition residue), polishing tools (putty knife/polishing block), etc., to meet different scene needs from vehicle scratch repair, whole car renovation to local beauty.

Clear functional segmentation: Based on different usage environments and customer needs, the product is further differentiated into general types (balancing performance and cost), high-performance types (high temperature resistance/UV resistance/strong adhesion), and environmentally friendly types (low VOC/water-based formula), which are suitable for multi regional characteristics such as Asian humid and hot weather, and strict environmental standards in Europe and America.

High adaptability flexibility: Whether it's large-scale standardized construction in professional 4S stores or small-scale fine repairs for DIY enthusiasts, Meklon can provide a diverse range of choices from "buy and use" to "adjust as needed" through the combination of "regular universal models+customized special models", covering all application scenarios of automotive paint accessories with a rich product matrix.
