Product Description

Oil Based Car Paint Manufacturer With Customizable Colors And Can Bodies

Meklon Automotive Paint - Full Category Coverage, Helping Wholesalers/Distributors Win the Market

As a professional automotive paint manufacturer, Meklon relies on its full chain independent production capability to provide wholesalers/distributors with the most comprehensive product matrix in the industry, accurately matching diverse customer needs and helping you easily enhance market competitiveness

Full coverage: covering the entire process of primer (1K/2K anti-corrosion primer), topcoat (solid color/metal/pearl effect), clear coat (high gloss/matte), curing agent, diluent and other coatings, meeting the one-stop procurement needs from substrate treatment to final protection;

Ultra wide color gamut selection: With over 5000 color options, it supports flexible color matching and accurately restores OEM original colors and popular customized colors, ranging from classic black/white to niche dazzling colors, with industry-leading color code reserves;

Multi brand adaptation: We offer a full range of products from Meklon's main brand (Meklon, Meisilianke, Ferrari, etc.), as well as customized OEM services based on customer needs to flexibly adapt to different market positioning;

Full scenario use: The product is suitable for various scenarios such as factory paint repair, car modification, industrial protection, and 4S store quick repair. It covers everything from household sedans to high-end sports cars, from routine maintenance to extreme environmental protection.

Exclusive Value for Wholesalers/Distributors: With a diverse range of product categories, you don't need to purchase through multiple channels. A single source can meet all customer needs, reducing procurement costs while improving delivery efficiency; Accurate color scheme and type coverage can help you explore niche markets (such as personalized modification, new energy vehicle paint, etc.) and seize more business opportunities!
