## Product Description

### Customizable Color Repair For Car Scratches And Strong Damage In Car Paint - Greatly Appreciated By Nigerian Customers

#### Product Positioning

A factory supplied automotive scratch repair paint designed specifically for the Nigerian market, with color customization capabilities, providing distributors with a cost-effective solution.

#### Core Parameters

Construction parameters: usable time of 4 hours (20 °C), viscosity of 110-220S, spraying 2-3 layers, flash drying for 10-15 minutes, single-layer thickness of 40-60 microns

#### Drying Time

20 °C environment: 30 minutes surface drying, 10 hours touchable, fully cured in 1 day

60 °C environment: 15 minutes surface drying, 1 hour touchable, 1 hour fully cured

Spray pressure: gravity type 1.2-1.5mm/3.4Pa, siphon type 1.4-1.6mm

#### Product Advantages

1. Accurate color matching: supports 2000+ car paint color codes, AI intelligent color matching ensures color consistency
2. Three in one protection system: rust proof primer+high coverage color paint+UV resistant varnish, long-lasting protection
3. Convenient construction: Equipped with a complete toolkit, repairs can be completed in 20 minutes
4. Strong weather resistance: optimized for high temperature and high humidity climates, suitable for the Nigerian environment

#### Factory Direct Supply Value

1. Price advantage: Direct supply from the source, with prices 15% -30% lower than the market
2. Stable supply: 7-10 days for shipping, supporting urgent orders
3. Customized services: support packaging OEM, can body customization, etc
4. Quality assurance: Full process quality inspection, providing export certification documents
