Product Description

New Year Promotion For Acrylic Car Paint - Clear Coat, Hardener, And Some Color Paints, Etc

Product Composition

Acrylic car paint New Year promotion includes the following core products:

Clear Coat: Provides high glossiness and protective layer, enhancing paint durability

Hardener: ensures rapid drying and increased hardness of the paint surface

Multiple color paints: providing rich color choices to meet the needs of different car models

Product Features

High glossiness: Using high-quality resin formula, the glossiness of the paint surface can reach **over 90%**, presenting a mirror effect

Quick drying: When used in conjunction with a curing agent, the surface drying time only takes **15-20 minutes**, improving construction efficiency

Strong weather resistance: UV resistance, acid and alkali resistance, high temperature resistance, long-term maintenance of bright paint surface

Excellent adhesion: firmly bonded with primer and intermediate coat, not easy to peel off

Scope of Application

Whole car spray painting

Partial touch up paint repair

Color change for motorcycles and electric vehicles

Automotive parts spraying

New Year promotion advantages

Price discount: Buying a set is more cost-effective than buying individually, saving **over 45%** of costs

Quality assurance: Original factory products, in compliance with environmental standards, non-toxic and odorless

Technical support: Provide professional construction guidance to ensure the spraying effect

Usage recommendations

Mix thoroughly and evenly before construction

Add curing agent in proportion (recommended ratio **2:1**)

Surface treatment should be done before spraying to ensure no oil stains or dust

It is recommended to spray **2-3 times**, with an interval of **10-15 minutes** between each coat

The construction environment temperature is **15-30** , and the humidity is **≤ 80%**
