

Fast Drying 2K Acrylic Automotive Refinish Paint with UV Protection and Scratch Resistance

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: Car Charm
- Certification: ISO,MSDS,SGS
- Model Number: 204
- Minimum Order Quantity: 50L
- Price: 3USD/L-5USD/L
- Packaging Details: Carton, Iron canister
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500 boxes -1000 boxes per day

Product Specification

- Gloss Retention: High

Product Description

Fast Drying 2K Special Black Acrylic Paint Car Paint Automotive Car Refinish Coating & Paint

Premium 2K Acrylic Special Black Car Refinish Paint. Superb hardness, excellent weather/UV/chemical resistance, strong adhesion & scratch resistance for long-lasting gloss. Great leveling, fast-drying, high hiding power, perfect for partial repair & full renovation. Low VOC, eco-friendly, meets international standards.

- Premium 2K acrylic base: Superb hardness, excellent weather/UV/chemical resistance, strong adhesion, no fading or chipping.
- 2K Special Black finish: Deep pure black tone, high-gloss mirror effect, sleek and luxurious appearance, no color deviation.
- High durability: Scratch & impact resistant, wear-resistant paint film, keeps long-lasting smooth and bright finish, anti-fingerprint.
- Easy application: Good leveling, fast-drying, high hiding power, ideal for partial repair and full car renovation.
- Low VOC & eco-friendly: Complies with international environmental regulations, safe for professional automotive construction.

Product Specifications

Paint Film Property	Scratch-resistant
HS Code	320820
Level	High
Certification	ISO4001, ISO9001, ISO16949
Substrate	Acrylic resin
Components	Pigment
Formation Mechanism	Non Conversion Type
Transport Package	Carton Box

Key Performance Features

Excellent Adhesion

Ensures corrosion-resistant, long-lasting finishes on car surfaces while minimizing rework in collision repair applications.

Strong Covering Power

High-performance automotive paint with primer-ready formula achieves flawless adhesion and durability on pre-treated metal surfaces using compatible epoxy primers.

High Chroma Color

Ultra-high chroma automotive paint with Pantone®-validated color intensity delivers vibrant, fade-resistant finishes for custom cars and luxury restorations (ISO 105-A05 xenon test certified).

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd - Established in 2014 with 25 subsidiaries and a complete scientific production chain. Specializing in automotive paints, industrial paints, putty, clear coats, hardeners, and automotive care products.

- **Expert Engineering:** Our R&D team has developed unique advantages for red and green pearls including strong sparkle, high gloss, quality construction, and high temperature resistance
- **Global Reach:** Sales network covers more than 65 countries with over 1,500 customers in China

- **Industry Partnerships:** Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers
- **Professional Support:** Comprehensive technical support and timely after-sales service from order placement through completion
- **Custom Solutions:** Customized options available for special colors and effects to meet individual customer requirements

Technical Professionalism

Resin and Curing System

The technical team has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent. They can precisely control the drying speed of the paint film, as well as the balance between final hardness and flexibility. Special formulations have been developed for different climate regions including high humidity and heat, cold regions, and strong ultraviolet environments.

Color Development Capability

Leveraging a rich color master system and professional color matching database, the company is able to quickly match the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.

Safety and Compliance Assurance

All products are accurately classified in accordance with the United Nations GHS system and Chinese national standards (GB 30000 series). They come with complete safety data sheets (SDS) and compliant labels that meet the requirements of GB/T 16483 and GB 15258. During transportation, strict compliance with international dangerous goods regulations such as UN1263 (Class 3 Flammable Liquids) is followed. Each batch of exported products is entrusted to an authoritative institution to obtain the "Cargo Transportation Condition Appraisal Certificate" to ensure full chain safety and compliance from production to delivery.
