Basic Information

- Place of Origin: CHINA
- Brand Name: Car Charm
- Certification: ISO,MSDS,SGS
- Model Number: 222
- Minimum Order Quantity: 50L
- Price: 2.73USD-5.56USD
- Packaging Details: Carton- Iron canister
- Delivery Time: 10-15 Work Day
- Payment Terms: T/T
- Supply Ability: 500 boxes -1000 boxes per day

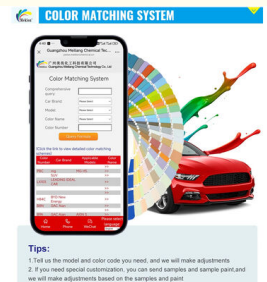

Product Specification

- Gloss Retention: High
- Storage: Dry And Cool
- Voc: Low VOC
- Location: Guangdong
- Coats Required: 2
- Form: Liquid
- Water Resistance: Yes
- Surface Preparation: Requires Sanding And Priming Before Application
- State: Liquid Coating
- Scratch Resistance: Yes
- Scratch Resistant: Yes
- Material: Acrylic Resin
- Shelf Life: 12-24 Months If Unopened
- Productname: Vehicle Car Paint

Product Description

Car Repair Paint 222 Iron Red 1L Acrylic High Solid Factory Wholesale 7-14 Days

Meklon Chemical is a global manufacturing powerhouse specializing in professional **Acrylic** automotive coating systems. Our **222 Iron Red** is a high-performance 2K tinter engineered to rival global leaders like **PPG, Yatu, AkzoNobel, Sherwin-Williams, and Baohong**.

As a **direct factory supplier** with a **60,000 m² production base**, we specialize in **high-volume wholesale** and full **OEM/ODM branding**. We provide OE-level performance with a reliable **7-14 days lead time**, ensuring your local distribution business remains competitive and profitable.

Features & Advantages

- **Unique Tone:** Deep red-black face and dark red side, perfect for natural deep red matching.
- **100% Acrylic Base:** Superior UV protection, high hardness, and long-term chemical resistance.
- **Bulk Capacity:** Optimized for container-level **wholesale** from our **60,000 m² factory**.
- **Full Customization:** Support for **custom labels and packaging** (MOQ 300).

Product Specifications

Paint Film Property	Scratch-resistant
HS Code	320820
Level	High
Certification	ISO4001, ISO9001, ISO16949
Substrate	Acrylic
Components	Pigment
Formation Mechanism	Non Conversion Type
Transport Package	Carton Box
Shelf life	3-5years
MOQ	50L
Carton Specification	45*33.5*13.8
Delivery	By sea

Key Performance Features

Excellent Adhesion

Ensures corrosion-resistant, long-lasting finishes on car surfaces while minimizing rework in collision repair applications.

Strong Covering Power

High-performance automotive paint with primer-ready formula achieves flawless adhesion and durability on pre-treated metal surfaces using compatible epoxy primers.

High Chroma Color

Ultra-high chroma automotive paint with Pantone®-validated color intensity delivers vibrant, fade-resistant finishes for custom cars and luxury restorations (ISO 105-A05 xenon test certified).

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is a leading automotive chemical manufacturer specializing in paints, primers, and additives. With over 15 years of experience, it operates a 60,000 m² facility, adhering to ISO9001 and ISO14001 standards. The company provides high-quality, low VOC products and supports distributors with color formula software, mixing machines, and training.

- **Global Reach:** Sales network covers more more than 65 countries with over 1,500 customers in China
- **Industry Partnerships:** Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers
- **Professional Support:** Comprehensive technical support and timely after-sales service from order placement through completion
- **Custom Solutions:** Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

- 1. Resin and Curing System:** The technical team of the company has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent. They can precisely control the drying speed of the paint film, as well as the balance between final hardness and flexibility. According to different climate regions, they have developed special formulations that are suitable for high humidity and heat, cold regions, and strong ultraviolet environments.
- 2. Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company is able to quickly match the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
- 3. Safety and Compliance Assurance:** All products are accurately classified in accordance with the United Nations GHS system and Chinese national standards (GB 30000 series). They come with complete safety data sheets (SDS) and compliant labels that meet the requirements of GB/T 16483 and GB 15258. During the transportation process, strict compliance with international dangerous goods regulations such as UN1263 (Class 3 Flammable Liquids) is followed. Each batch of exported products is entrusted to an authoritative institution to obtain the "Cargo Transportation Condition Appraisal Certificate" to ensure full chain safety and compliance from production to delivery.

FAQ

Q1: What are the color characteristics of 222 Iron Red?

A: **222 Iron Red** is a 2K solid tinter featuring a deep red-black face and a dark red side. It is essential for mixing solid deep reds and provides excellent hiding power for industrial applications.

Q2: How does 222 quality compare to brands like PPG?

A: Our **222 Iron Red** benchmarks directly against **PPG, Yatu, and AkzoNobel**. Using a 100% **Acrylic** system, it delivers identical gloss and weather resistance at factory-direct prices.

Q3: What is the lead time for a wholesale order?

A: We ensure a reliable **7-14 days lead time** for all standard wholesale orders. Our production capacity is designed for rapid international fulfillment.

Q4: Do you support private label customization?

A: Yes! We provide full **OEM/ODM services** (custom logos and packaging) for orders over 300 units to help you build your own brand identity.
