Basic Information

- Place of Origin: CHINA
- Brand Name: Mei Guan Da
- Certification: ISO,MSDS,SGS
- Model Number: X04
- Minimum Order Quantity: 50L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Carton- Iron canister
- Delivery Time: 7~14 working days
- Payment Terms: T/T
- Supply Ability: 500 boxes -1000 boxes per day

Product Specification

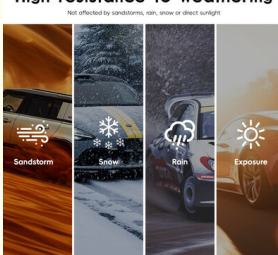

- Manufacture Location: Guangdong,China
- Fade Resistance: Yes
- Net Weigh: 0.95KG
- Surfacecompatibility: Metal
- Package: Can/carton
- Uv Resistance: Yes
- Quality: Good
- Coats: 2-3
- Top Coat Required: Yes
- Voc: Low
- Specification: 1L/4L/5L
- Product: Ready Mixed Paint
- Highlight: **weather resistant automotive paint, stone chip resistant car paint, bulk supply acrylic basecoat**

COLOR MATCHING SYSTEM

Product Description

Manufacturer Bulk Supply 1K Acrylic Paint Weather Resistant Stone Chip Resistant Automotive Paint

MK-316 Standard Purple Pearl is a 1K single-component colorant from the pearl colorant series, specially formulated for automotive paint systems. It is directly compatible with automotive basecoats and clearcoats, requiring no additional hardener for easy application. Featuring a standard purple base combined with fine, evenly distributed pearl pigments, it delivers a soft and premium purple pearl luster that shifts beautifully under different light angles, with minimal risk of mottling or color deviation. Ideal for original paint repairs, vehicle color changes, and custom paint jobs, it is a reliable choice for auto body shops, modification studios, and bulk buyers.

Manufactured in our **60,000 m² state-of-the-art facility**, we provide consistent quality for professional wholesalers. We offer a reliable **7-14 days lead time** and full **OEM/ODM branding support (300 units)** to help you establish a premium position in your local market.

Features & Advantages

Rich Purple Pearl Effect: MK-316 Standard Purple Pearl features fine, evenly distributed pearl pigments, delivering a smooth, vibrant purple luster with excellent flop effect, outperforming traditional mica-based colorants in color depth and consistency.

UV & Weather Resistant: Formulated with high-quality acrylic resin, the colorant maintains its rich purple pearl finish without fading or discoloration under prolonged sun exposure and extreme weather conditions.

Factory Direct Supply: Supported by our 60,000 m² ISO-certified plant, we ensure stable bulk supply and a reliable 7-14 days lead time for consistent order fulfillment.

OEM & Customization Ready: We offer factory-direct pricing and full OEM/ODM support, including custom packaging and labeling, with a low 300-unit MOQ for flexible brand collaboration.

Product Specifications

| | |

Key Performance Features

Excellent Adhesion

Ensures corrosion-resistant, long-lasting finishes on car surfaces while minimizing rework in collision repair applications.

Strong Covering Power

High-performance automotive paint with primer-ready formula achieves flawless adhesion and durability on pre-treated metal surfaces using compatible epoxy primers.

High Chroma Color

Ultra-high chroma automotive paint with Pantone®-validated color intensity delivers vibrant, fade-resistant finishes for custom cars and luxury restorations (ISO 105-A05 xenon test certified).

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is a leading automotive chemical manufacturer specializing in paints, primers, and additives. With over 15 years of experience, it operates a 60,000 m² facility, adhering to ISO9001 and ISO14001 standards. The company provides high-quality, low VOC products and supports distributors with color formula software, mixing machines, and training.

- **Global Reach:** Sales network covers more more than 65 countries with over 1,500 customers in China
- **Industry Partnerships:** Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers
- **Professional Support:** Comprehensive technical support and timely after-sales service from order placement through completion
- **Custom Solutions:** Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

1. **Resin and Curing System:** The technical team of the company has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent. They can precisely control the drying speed of the paint film, as well as the balance between final hardness and flexibility. According to different climate regions, they have developed special formulations that are suitable for high humidity and heat, cold regions, and strong ultraviolet environments.
2. **Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company is able to quickly match the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
3. **Safety and Compliance Assurance:** All products are accurately classified in accordance with the United Nations GHS system and Chinese national standards (GB 30000 series). They come with complete safety data sheets (SDS) and compliant labels that meet the requirements of GB/T 16483 and GB 15258. During the transportation process, strict compliance with international dangerous goods regulations such as UN1263 (Class 3 Flammable Liquids) is followed. Each batch of exported products is entrusted to an authoritative institution to obtain the "Cargo Transportation Condition Appraisal Certificate" to ensure full chain safety and

compliance from production to delivery

FAQ

Q1: What is MK-316 Standard Purple Pearl used for?

A: It is a 1K pearl colorant specially designed for automotive refinish and custom paint. It is widely used for car body repair, color matching, vehicle wrapping paint, and custom purple pearl finishes for cars, motorcycles, and other vehicles.

Q2: Can I order small quantities or samples?

A: Yes. We offer free samples for testing (you only need to cover the shipping cost). The MOQ for bulk orders is 50 boxes, with OEM/ODM customization available.

Q3: What documents can you provide for export?

A: We provide full export documentation, including MSDS, TDS, and COO, to meet customs requirements in most countries.

Q4: What is the shelf life of MK-316 Standard Purple Pearl?

A: The unopened product has a shelf life of 24 months when stored properly. Once the can is opened, please use it up within 6 months and keep the container tightly sealed to prevent solvent volatilization and pigment precipitation.
