

Volume Order Private Label Corrosion Resistance Scratch Resistance Automotive Coating

Our Product Introduction

for more products please visit us on refinishcarpaint.com

Basic Information

- Place of Origin: CHINA
- Brand Name: Mei Guan Da
- Certification: ISO,MSDS,SGS
- Model Number: X04
- Minimum Order Quantity: 50L
- Price: 2.73USD/L-5.56USD/L
- Packaging Details: Carton、 Iron canister
- Delivery Time: 7~14 working days
- Payment Terms: T/T
- Supply Ability: 500 boxes -1000 boxes per day

Product Specification

- Manufacture Location: Guangdong,China
- Fade Resistance: Yes
- Net Weigh: 0.95KG
- Surfacecompatibility: Metal
- Package: Can/carton
- Uv Resistance: Yes
- Quality: Good
- Coats: 2-3
- Top Coat Required: Yes
- Voc: Low
- Specification: 1L/4L/5L
- Product: Ready Mixed Paint

High resistance to weathering

Not affected by sandstorms, rain, snow or direct sunlight

Product Description

Volume Order Private Label Corrosion Resistance Scratch Resistance Automotive Coating

Meklon Chemical's 204 Special Black is a premium 1K solid colorant engineered to deliver deep high-blackness bluish tint matching top global automotive coating brands. It serves as an indispensable tinting ingredient for mixing pure black, dark grey and cool blue-black OEM factory car shades. Our exclusive acrylic-based formula achieves ultra-high hiding power and deep jet-black depth, forming a clean cool bluish undertone without brown or muddy grey impurities.

Manufactured in our **60,000 m² state-of-the-art facility**, we provide consistent quality for professional wholesalers. We offer a reliable **7-14 days lead time** and full **OEM/ODM branding support (300 units)** to help you establish a premium position in your local market.

Features & Advantages

Deep Jet Black with Cool Bluish Undertone: 204 Special Black adopts high-purity black pigment with fine uniform dispersion, presenting intense high blackness and natural cool blue tint, free of dull brownish or grayish muddy base.

UV-Stable Acrylic Base: Advanced anti-UV acrylic formula locks deep black color firmly, resisting fading, whitening and discoloration under long-term strong sunlight and extreme high-temperature environments.

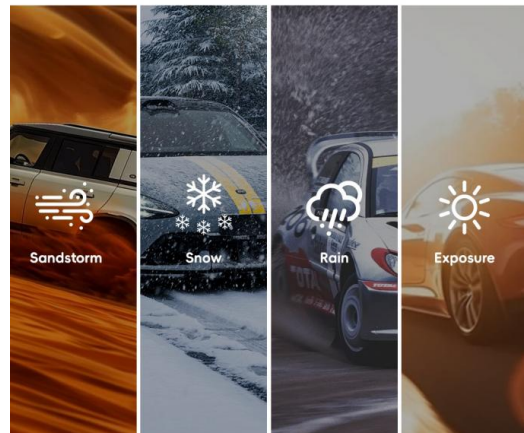

Direct Factory Shipping: Supported by our 60,000 m² ISO-certified production plant, we guarantee stable bulk wholesale supply and fixed 7–14 days production lead time for distributors.

Private Label Customization Available: Factory direct competitive pricing, full OEM & ODM customization including personalized labels and packaging, flexible MOQ starting from 50 cartons.

High resistance to weathering

Not affected by sandstorms, rain, snow or direct sunlight

Product Specifications

Paint Film Property	Scratch-resistant
HS Code	320820
Paint Quality	High
Certification	ISO4001, ISO9001, ISO16949
Substrate	Acrylic
Components	Pigment
Formation Mechanism	Non Conversion Type
Transport Package	Carton Box
Shelf life	3-5years
MOQ	50L
Carton Specification	45*33.5*13.8
Delivery	By sea,land carriage

Key Performance Features

Excellent Adhesion

Ensures corrosion-resistant, long-lasting finishes on car surfaces while minimizing rework in collision repair applications.

Strong Covering Power

High-performance automotive paint with primer-ready formula achieves flawless adhesion and durability on pre-treated metal surfaces using compatible epoxy primers.

High Chroma Color

Ultra-high chroma automotive paint with Pantone®-validated color intensity delivers vibrant, fade-resistant finishes for custom cars and luxury restorations (ISO 105-A05 xenon test certified).

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is a leading automotive chemical manufacturer specializing in paints, primers, and additives. With over 15 years of experience, it operates a 60,000 m² facility, adhering to ISO9001 and ISO14001 standards. The company provides high-quality, low VOC products and supports distributors with color formula software, mixing machines, and training.

- **Global Reach:** Sales network covers more more than 65 countries with over 1,500 customers in China

- **Industry Partnerships:** Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers
- **Professional Support:** Comprehensive technical support and timely after-sales service from order placement through completion
- **Custom Solutions:** Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

1. **Resin and Curing System:** The technical team of the company has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent. They can precisely control the drying speed of the paint film, as well as the balance between final hardness and flexibility. According to different climate regions, they have developed special formulations that are suitable for high humidity and heat, cold regions, and strong ultraviolet environments.
2. **Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company is able to quickly match the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
3. **Safety and Compliance Assurance:** All products are accurately classified in accordance with the United Nations GHS system and Chinese national standards (GB 30000 series). They come with complete safety data sheets (SDS) and compliant labels that meet the requirements of GB/T 16483 and GB 15258. During the transportation process, strict compliance with international dangerous goods regulations such as UN1263 (Class 3 Flammable Liquids) is followed. Each batch of exported products is entrusted to an authoritative institution to obtain the "Cargo Transportation Condition Appraisal Certificate" to ensure full chain safety and compliance from production to delivery.

FAQ

Q1: Are you a factory or a trading company?

A: We are a factory direct manufacturer, specializing in acrylic automotive paint (both 1K and 2K) for over X years. OEM and private label services are available.

Q2: Can I get a free sample?

A: Yes, free sample is available for testing. You only need to pay for the shipping cost.

Q3: What documents can you provide?

A: We can provide TDS (Technical Data Sheet), MSDS (Material Safety Data Sheet), and COA (Certificate of Analysis). ISO certification is also available upon request.

Q4: Will this black tinter turn brown after long-term outdoor exposure?

A: No. It features stable cool bluish undertone formula, no brown or muddy gray shift, and excellent anti-fading performance under harsh weather.
