

High Coverage 1K Vehicle Coating, Stable Batch Color & Custom Packaging Available Car Paint

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: Mei Guan Da
- Certification: ISO,MSDS,SGS
- Model Number: 143
- Minimum Order Quantity: 50L
- Price: 2.73USD-5.56USD
- Packaging Details: Carton, Iron canister
- Delivery Time: 7~14 working days
- Payment Terms: T/T
- Supply Ability: 500 boxes per day

Product Specification

- Gloss Retention: High
- Basetype: Acrylic
- Manufacturer Location: China
- Dryingtime: 15-30 Minutes To Touch Dry
- Color Formula App: Meklonpaintmix
- Finish: Glossy / Matte / Satin
- Wholesale: Yes
- Covering Strength: Excellent
- Scratch Resistant: Yes
- Service: OEM/ODM
- Uv Protection: Provides Protection Against UV Rays
- Hardenerrequired: Yes / No (depending On Product)
- Type: Automotive Refinish Paint
- Highlight: **1K vehicle coating high coverage, refinish car paint stable color, custom packaging available**

Product Description

High Coverage 1K Vehicle Coating, Stable Batch Color & Custom Packaging Available Car Paint

Meklon 143 Mussels Blue 1K tint presents striking color shift from front blue to side green, boasting great hiding power, superior weather resistance and easy spraying, with stable supply and customizable service.

Manufactured in our state-of-the-art 60,000 m² ISO-certified facility, we enforce strict quality controls at every production stage. We offer competitive factory pricing, flexible MOQs and full OEM/ODM customization services to support your brand growth. With a reliable 7-14 days delivery cycle, we are your trusted partner for automotive paint supplies worldwide.

Features & Advantages

Unique Iridescent Blue Tone: 143 Mussels Blue 1K tint shifts front blue to side green, creates layered color effect for personalized car painting.

High Solid Acrylic Formula: Powerful hiding capacity, excellent UV resistance, smooth spraying and rapid drying.

Factory & Customization: ISO certified production, steady supply within 7-14 days, OEM/ODM available for bulk orders.

Product Specifications

Paint Film Property	Scratch-resistant
HS Code	320820
Level	High
Certification	ISO4001, ISO9001, ISO16949
Substrate	Acrylic
Components	Pigment
Formation Mechanism	Non Conversion Type
Transport Package	Carton Box
Shelf life	3-5years
MOQ	50L
Carton Specification	45*33.5*13.8
Delivery	By sea

Key Performance Features

Excellent Adhesion

Ensures corrosion-resistant, long-lasting finishes on car surfaces while minimizing rework in collision repair applications.

Strong Covering Power

High-performance automotive paint with primer-ready formula achieves flawless adhesion and durability on pre-treated metal surfaces using compatible epoxy primers.

High Chroma Color

Ultra-high chroma automotive paint with Pantone®-validated color intensity delivers vibrant, fade-resistant finishes for custom cars and luxury restorations (ISO 105-A05 xenon test certified).

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is a leading automotive chemical manufacturer specializing in paints, primers, and additives. With over 15 years of experience, it operates a 60,000 m² facility, adhering to ISO9001 and ISO14001 standards. The company provides high-quality, low VOC products and supports distributors with color formula software, mixing machines, and training.

Global Reach: Sales network covers more more than 65 countries with over 1,500 customers in China

Industry Partnerships: Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers

Professional Support: Comprehensive technical support and timely after-sales service from order placement through completion

Custom Solutions: Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

- **Resin and Curing System:** The technical team of the company has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent. They can precisely control the drying speed of the paint film, as well as the balance between final hardness and flexibility. According to different climate regions, they have developed special formulations that are suitable for high humidity and heat, cold regions, and strong ultraviolet environments.
- **Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company is able to quickly match the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
- **Safety and Compliance Assurance:** All products are accurately classified in accordance with the United Nations GHS system and Chinese national standards (GB 30000 series). They come with complete safety data sheets (SDS) and compliant labels that meet the requirements of GB/T 16483 and GB 15258. During the transportation process, strict compliance with international dangerous goods regulations such as UN1263 (Class 3 Flammable Liquids) is followed. Each batch of exported products is entrusted to an authoritative institution to obtain the "Cargo Transportation Condition Appraisal Certificate" to ensure full chain safety and compliance from production to delivery.

FAQ

Q1:What special color effect does 143 Mussels Blue have?

A: It is a 1K tint with color shifting effect, looks blue from front and green from side view.

Q2: What is the product formula and its corresponding performance advantages?

A: This 1K tinter uses a high-solid acrylic formula with strictly controlled component ratios:

- 50%-80% acrylic resin: ensures excellent aluminum flake orientation, strong adhesion and UV weatherability, supporting long-term coating durability
- 2%-30% pigment and aluminum flakes: delivers strong tinting power and uniform sparkling effect with stable batch consistency
- 5%-15% xylene, 5%-15% PMA, 10%-25% butyl acetate: balanced solvent system ensures good leveling, fast flash-off and wide construction window

Q3: How does its quality compare to international top brands?

A: Our X09 Glitter Red Silver is strictly developed according to PPG and Yatu 1K basecoat standards. It matches their performance in metallic luster, aluminum orientation, color stability and weather resistance, offering a cost-effective alternative to imported products.
