Basic Information

- Place of Origin: CHINA
- Brand Name: Meklon
- Certification: ISO,MSDS,SGS
- Model Number: MK-2100
- Minimum Order Quantity: 50L
- Price: 2.73USD-5.56USD
- Packaging Details: Carton- Iron canister
- Delivery Time: 7~14 working days
- Payment Terms: T/T
- Supply Ability: 500 boxes per day

Product Specification

- Basetype: Acrylic
- Manufacturer Location: China
- Dryingtime: 15-30 Minutes To Touch Dry
- Color Formula App: Meklonpaintmix
- Wholesale: Yes
- Covering Strength: Excellent
- Scratch Resistant: Yes
- Service: OEM/ODM
- Uv Protection: Provides Protection Against UV Rays
- Hardenerrequired: Yes / No (depending On Product)
- Type: Automotive Refinish Paint
- Voc Level: Low
- Package: Can And Carton
- Finish: Glossy
- Material: Acrylic

Product Description

Custom Private Label 1K Color System BYD Tang Chidi Red K7 with OEM Color Matching Database Thousands of Colors

MK-2100 is a ready mixed car paint pre-matched to the BYD K7 Chi Di Hong red OEM color, giving workshops an accurate, spray-ready red finish without mixing. ISO/SGS/MSDS certified, 0.95KG per tin - suitable for full-body repaint and spot repair.

MK-2100 is a ready mixed finished car paint pre-matched to the BYD K7 Chi Di Hong (Emperor Red) OEM color. Supplied spray-ready at 0.95KG per tin, it lets body shops reproduce the original BYD deep red directly - no on-site tinting, no color drift. It builds strong coverage and pairs with Meklon 1K/2K clear coat systems for a durable, high-gloss result.

For distributors tired of paying premium brand prices, Meklon Pure Black offers comparable performance at a dramatically lower cost point — typically **30-50% cheaper than PPG, Nippon Paint or AkzoNobel** equivalents without sacrificing the quality your customers expect.

Features & Advantages

- **Accurate BYD K7 OEM Color Match** - Pre-matched to the BYD K7 Chi Di Hong red, reproducing the original factory shade without manual tinting.
- **Spray-Ready Convenience** - Ready mixed finished paint needs no complex mixing, cutting labor time and eliminating batch-to-batch color variance in the booth.
- **Durable Deep Red Finish** - Acrylic resin formula delivers solid coverage and a rich red depth that holds up under clear coat.
- **Certified & Clear-Coat Compatible** - ISO 9001, ISO 14001, SGS and MSDS available; compatible with Meklon 1K/2K clear coat systems.

Packing & Delivery

1L x 12 cans per carton, carton size 45 x 33.5 x 13.8cm, kraft carton by default. MOQ is 50 cartons and lead time is 7-14 days. OEM/ODM is supported; custom color cartons are available for orders of 800 cartons or more (standard cartons are used for samples or below-MOQ quantities; cans are not customizable — white-coated or standard cans only).

Technical Specifications

Model	MK-2100
Product Type	Ready Mixed Finish Paint (OEM Color Matched)
Color	Chi Di Hong Red (BYD K7)
Car Model	BYD K7
Net Weight	0.95 KG per tin
Main Raw Material	Acrylic Resin
Application Method	Spray
Shelf Life	2 years in original sealed can
Packaging	1L (0.95KG x 12 tins) per carton

Key Performance Features

Excellent Adhesion

Ensures corrosion-resistant, long-lasting finishes on car surfaces while minimizing rework in collision repair applications.

Strong Covering Power

High-performance automotive paint with primer-ready formula achieves flawless adhesion and durability on pre-treated metal surfaces using compatible epoxy primers.

High Chroma Color

Ultra-high chroma automotive paint with Pantone®-validated color intensity delivers vibrant, fade-resistant finishes for custom cars and luxury restorations (ISO 105-A05 xenon test certified).

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is a leading automotive chemical manufacturer specializing in paints, primers, and additives. With over 15 years of experience, it operates a 60,000 m² facility, adhering to ISO9001 and ISO14001 standards. The company provides high-quality, low VOC products and supports distributors with color formula software, mixing machines, and training.

Global Reach: Sales network covers more more than 65 countries with over 1,500 customers in China

Industry Partnerships: Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers

Professional Support: Comprehensive technical support and timely after-sales service from order placement through completion

Custom Solutions: Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

- **Resin and Curing System:** The technical team of the company has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent. They can precisely control the drying speed of the paint film, as well as the balance between final hardness and flexibility. According to different climate regions, they have developed special formulations that are suitable for high humidity and heat, cold regions, and strong ultraviolet environments.
- **Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company is able to quickly match the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
- **Safety and Compliance Assurance:** All products are accurately classified in accordance with the United Nations GHS system and Chinese national standards (GB 30000 series). They come with complete safety data sheets (SDS) and compliant labels that meet the requirements of GB/T 16483 and GB 15258. During the transportation process, strict compliance with international dangerous goods regulations such as UN1263 (Class 3 Flammable Liquids) is followed. Each batch of exported products is entrusted to an authoritative institution to obtain the "Cargo Transportation Condition Appraisal Certificate" to ensure full chain safety and compliance from production to delivery.

Frequently Asked Questions

Q: What is MK-2100 and which vehicle does it fit?

A: MK-2100 is a ready mixed finished car paint pre-matched to the BYD K7 Chi Di Hong red OEM color. It sprays directly onto the panel, giving an accurate factory red finish without any on-site tinting.

Q: Does it need mixing or a hardener?

A: As a ready mixed finished paint it is spray-ready: simply stir, adjust with the recommended Meklon thinner if needed, then apply 2-3 coats and clear coat for a durable, high-gloss red.

Q: What packaging and order options are available?

A: Standard packaging is 1L (0.95KG x 12 tins) per carton, with OEM/private-label options. Please share your target quantity and destination port and we will confirm MOQ, price and delivery schedule.
