Premium Olive Green Car Paint High Hiding Auto Repair Coating

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, China
- Brand Name: Meklon
- Certification: ISO 9001, ISO 14001, SGS, MSDS
- Model Number: ML-118P
- Minimum Order Quantity: 12 Cans (1 Carton)
- Price: USD 2.50 - 6.90 / Can (to be confirmed)
- Packaging Details: 12 cans per carton, packing code ML-B05, palletized export cartons
- Delivery Time: 7-15 working days after deposit
- Payment Terms: T/T,L/C,Western Union
- Supply Ability: 50000 Liters per Month

Product Specification

- Product Type: 1K Car Paint
- Color: Olive Green
- Mixing Ratio: Paint : Hardener = 2: 1 By Volume
- Hardener: Meklon 1K Hardener
- Thinner: Meklon 1K Thinner, 10-20% By Volume
- Pot Life: Approx. 4 Hours At 25 C
- Coats Required: 2
- Hiding Power: Full Coverage In Two Coats
- Finish: High Gloss
- Dry Time: Touch Dry 30-40 Minutes, Full Cure 12-24 Hours
- Application Method: HVLP Spray Gun, 1.3-1.4 Mm Nozzle
- Shelf Life: 2 Years Unopened
- Packing Code: ML-B05
- Packing: 12 Cans Per Carton, Palletized

Our Product Introduction

Product Description

Premium Olive Green Car Paint High Hiding Auto Repair Coating

Premium solid **olive green** auto basecoat adopts high quality raw materials to ensure rich and uniform color output every batch maintains consistent shade to avoid color difference the coating features good leveling performance which helps reduce orange peel and achieve a sleek look it stands up to temperature swings rain dust and common road contaminants to keep your paint finish intact for years easy to spray with conventional spray guns you can adjust coating thickness according to your needs whether you want a subtle retro style or a rugged understated look this olive green car paint is a reliable choice for automotive restoration and customization

Features & Advantages

- Stable color matching for consistent finishing results
- Excellent coverage and smooth spraying performance
- Fast drying formula to improve work efficiency
- Strong adhesion and long lasting scratch resistance
- Weather resistant finish against UV and oxidation

Packing & Delivery

Packed 12 cans per carton under packing code ML-B05, kraft carton with can dividers by default, palletized and stretch-wrapped for export. OEM/ODM and private-label packaging are supported; please share your target quantity and destination port and we will confirm MOQ, price and delivery schedule for your market.

Technical Specifications

Product Type	1K Car Paint
Shade Code	Green
Mixing Ratio	Paint : Hardener = 2 : 1 by volume
Hardener	Meklon 1K hardener
Thinner	Meklon 1K thinner, 10-20% by volume
Pot Life	Approx. 4 hours at 25 C after mixing
Coats to Full Film	2 coats
Hiding Power	Full coverage over a two-tone test panel
Finish	High gloss, clear coat compatible
Application	HVLP spray gun, 1.3-1.4 mm nozzle
Dry Time	Touch dry 30-40 minutes, full cure 12-24 hours at 25 C
Shelf Life	2 years in original sealed can
Packing	12 cans per carton, code ML-B05, palletized

Key Performance Features

Superior Color Consistency

The acrylic resin reacts with the isocyanate hardener to form a dense, cross-linked film, balancing hardness against flexibility so repaired panels resist impact and flexing without cracking.

Excellent Hiding Power

High solid content basecoat covers original paint scratches and minor blemishes efficiently less coating passes required saves working time and material cost

Outstanding Weather and UV Resistance

Resists fading chalking and discoloration under prolonged sunlight exposure stands well against rain dust temperature fluctuation and common road contaminants protects the finished surface steadily

Great Adhesion and Leveling Property

Perfect adhesion on properly prepared substrate good leveling performance minimizes orange peel creates smooth even coating surface compatible with matching clear coat and hardener system

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is an automotive coatings manufacturer specializing in paints, primers and additives. Established in 2015, it operates an ISO 9001 certified quality system with an export share of 80-90%, supplying body shops and distributors with low VOC products, color formula support and training.

Global Reach: Sales network covers more than 65 countries with over 1,500 customers in China

Industry Partnerships: Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers

Professional Support: Comprehensive technical support and timely after-sales service from order placement through completion

Custom Solutions: Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

- **Resin and Curing System:** The technical team has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent, and can precisely control the drying speed of the film as well as the balance between final hardness and flexibility. Special formulations are developed for high humidity and heat, cold regions, and strong-UV environments.
- **Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company quickly matches the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
- **Safety and Compliance Assurance:** All products are classified in accordance with the UN GHS system and Chinese national standards (GB 30000 series), with complete SDS and compliant labels meeting GB/T 16483 and GB 15258. Export batches carry an authoritative Cargo Transportation Condition Appraisal Certificate ensuring full chain safety and compliance.

Frequently Asked Questions

Q: What is the minimum order quantity?

A: It is a standard iron oxide red in our 2K topcoat range, formulated close to RAL 3009 and to PR101 pigment references. Because it is a solid, high-opacity colour, it is normally used as a direct match or as the base for tinting to a customer's own sample. We recommend a spray-out test card against your target panel before production runs.

Q: What is the price range?

A: USD 3–5 per liter depending on pack size and order volume; exact quotation is issued against your specification and quantity.

Q: How long does delivery take?

A:10–15 working days after deposit confirmation. Daily capacity is around 500 cartons, so larger programs can be scheduled in batches.

Q: Do you provide samples before bulk orders?

A: Yes, sample cans can be arranged for evaluation; freight is normally collected. Sample cost is credited against the first bulk order.
