Packing	12 cans per carton, code ML-B05, palletized

Key Performance Features

- **Stable spraying temperature adaptability**
- **Consistent color and metallic effect**
- **Fast drying for efficient operation**
- **Good UV resistance to avoid fading**
- **High adhesion on car body surface**

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is an automotive coatings manufacturer specializing in paints, primers and additives. Established in 2015, it operates an ISO 9001 certified quality system with an export share of 80-90%, supplying body shops and distributors with low VOC products, color formula support and training.

Global Reach: Sales network covers more than 65 countries with over 1,500 customers in China

Industry Partnerships: Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers

Professional Support: Comprehensive technical support and timely after-sales service from order placement through completion

Custom Solutions: Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

- **Resin and Curing System:** The technical team has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent, and can precisely control the drying speed of the film as well as the balance between final hardness and flexibility. Special formulations are developed for high humidity and heat, cold regions, and strong-UV environments.
- **Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company quickly matches the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
- **Safety and Compliance Assurance:** All products are classified in accordance with the UN GHS system and Chinese national standards (GB 30000 series), with complete SDS and compliant labels meeting GB/T 16483 and GB 15258. Export batches carry an authoritative Cargo Transportation Condition Appraisal Certificate ensuring full chain safety and compliance.

Frequently Asked Questions

Q: What is your MOQ?

A: Our MOQ is typically 1×20ft container per color range, but mixed models are acceptable. Trial orders below MOQ can be discussed for first cooperation.

Q: Can you match OEM color codes or custom colors?

A:Yes. We support OEM color matching against your color code, panel or sample. A color-matching report is provided before mass production.

Q: Do you offer free samples?

A:Yes, we provide free samples for quality evaluation; the buyer only covers the freight. Sample lead time is 3–7 working days.

Q: What is the lead time and shelf life?

A: Production takes 15–25 days after deposit, depending on order quantity. Our products have a shelf life of 24 months when stored sealed, below 35°C and away from direct sunlight.
