Product Description

Meklon 1K Crystal Blue Pearl Porshiche Automotive Refinish Base Coat

Meklon 1K Crystal Blue Pearl Porshiche is a high performance single component automotive base coat specially formulated for car refinishing work. It contains premium pearl pigments that produce a delicate sparkling crystal blue visual effect with rich layered luster and stable color reproduction. The paint offers outstanding hiding power great leveling property and fine atomization performance when sprayed it can form a smooth uniform base film easily. No hardener is needed for this base coat you only need to apply compatible clear coat on top to achieve a bright glossy and durable finished surface. It works well for local scratch touch up panel replacement repair and full vehicle respray suitable for professional auto body shops and custom car painting projects. This product matches standard automotive painting workflows and brings consistent reliable results for your car painting jobs.

Features & Advantages

- Fine pearl pigments create stunning crystal blue pearl effect and stable color
- Good hiding power and great leveling for smooth uniform base coat
- 1K single component formula easy to mix and operate
- Perfect compatible with clear coat for glossy durable finish
- Suitable for scratch touch up panel repair and full car respray

- **Consistent crystal blue pearl effect with uniform sparkle distribution**
- **Fine spray atomization for smooth base coat formation**
- **Reliable color stability across different spraying batches**
- **Good adhesion on properly prepared automotive substrates**
- **Fast flash off time to improve painting efficiency**

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is an automotive coatings manufacturer specializing in paints, primers and additives. Established in 2015, it operates an ISO 9001 certified quality system with an export share of 80-90%, supplying body shops and distributors with low VOC products, color formula support and training.

Global Reach: Sales network covers more than 65 countries with over 1,500 customers in China

Industry Partnerships: Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers

Professional Support: Comprehensive technical support and timely after-sales service from order placement through completion

Custom Solutions: Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

- **Resin and Curing System:** The technical team has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent, and can precisely control the drying speed of the film as well as the balance between final hardness and flexibility. Special formulations are developed for high humidity and heat, cold regions, and strong-UV environments.
- **Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company quickly matches the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
- **Safety and Compliance Assurance:** All products are classified in accordance with the UN GHS system and Chinese national standards (GB 30000 series), with complete SDS and compliant labels meeting GB/T 16483 and GB 15258. Export batches carry an authoritative Cargo Transportation Condition Appraisal Certificate ensuring full chain safety and compliance.

Frequently Asked Questions

Q: What is your MOQ?

A: Our MOQ starts from [1 drum / 20L] for standard colors and [100L] for custom color matching. Mixed containers are accepted to help you test the market.

Q: Can I get samples before ordering?

A: Yes. Free [100ml] samples of standard shades are available; you only cover the freight. Custom color samples are ready in [3–5] working days

Q: Do you support OEM/ODM and private label?

A: Yes. We offer OEM/ODM with your logo, label, and packing design. Our R&D team can also develop shades to your color chip or spectrometer data.

Q: Can I get a sample before bulk order?

A:Yes. Sample is available in 3–5 days, sample cost refundable against your first bulk order.
