Meklon Dried Red Pearl Base Coat Car Paint 1K Acrylic Auto Refinish Spray Paint

Our Product Introduction

Basic Information

- Place of Origin: Guangzhou, China
- Brand Name: Meklon
- Certification: ISO 9001, ISO 14001, SGS, MSDS
- Model Number: 1K Acrylic Liquid Coating
- Minimum Order Quantity: 12 Cans (1 Carton)
- Price: USD 2.50 - 6.90 / Can (to be confirmed)
- Packaging Details: 12 cans per carton, packing code ML-B05, palletized export cartons
- Delivery Time: 7-15 working days after deposit
- Payment Terms: T/T,L/C,Western Union
- Supply Ability: 50000 Liters per Month

Product Specification

- Product Type: 1K Acrylic Liquid Coating
- Color: Dried Red Pearl
- Mixing Ratio: Paint : Hardener = 2: 1 By Volume
- Hardener: Meklon 1K Hardener
- Thinner: Meklon 1K Thinner, 10-20% By Volume
- Pot Life: Approx. 4 Hours At 25 C
- Coats Required: 2
- Hiding Power: Full Coverage In Two Coats
- Finish: High Gloss
- Dry Time: Touch Dry 30-40 Minutes, Full Cure 12-24 Hours
- Application Method: HVLP Spray Gun, 1.3-1.4 Mm Nozzle
- Shelf Life: 2 Years Unopened
- Packing Code: ML-B05
- Packing: 12 Cans Per Carton, Palletized

Product Description

Meklon 1K Crystal Blue Pearl Porshiche Automotive Refinish Base Coat

Meklon Dried Red Pearl is a high performance 1K acrylic basecoat designed specifically for professional automotive refinishing. Formulated with finely milled pearl pigments, it creates a sophisticated muted dried red pearl finish with gentle, even sparkle instead of an overly flashy look. The pigment dispersion is stable to help painters achieve consistent colour reproduction across different panels, which greatly reduces colour difference risks during spot repair and full vehicle respray. This basecoat offers excellent sprayability, good leveling property and reasonable flash-off time, making blending work much smoother for experienced painters. It can be well matched with standard automotive clear coat systems. For optimal gloss, scratch resistance, UV protection and long-term weather durability, a compatible clear coat is required after the basecoat is fully flashed off. Widely used for passenger car panel repair, custom paint projects and classic car restoration, it is a reliable colour option for auto body shops and paint specialists.

Features & Advantages

- Fine pearl pigment creates soft muted dried red pearl shimmer
- Stable colour performance minimizes panel to panel colour difference
- Great leveling and suitable flash off time for easy blending
- Good sprayability fine atomization less orange peel
- Fully compatible with common automotive clear coats

Packing & Delivery

Packed 12 cans per carton under packing code ML-B05, kraft carton with can dividers by default, palletized and stretch-wrapped for export. OEM/ODM and private-label packaging are supported; please share your target quantity and destination port and we will confirm MOQ, price and delivery schedule for your market.

Technical Specifications

Product Type	1K Car Paint
Shade Code	Dried Red Pearl
Mixing Ratio	Paint : Hardener = 2 : 1 by volume
Hardener	Meklon 1K hardener
Thinner	Meklon 1K thinner, 10-20% by volume
Pot Life	Approx. 4 hours at 25 C after mixing
Coats to Full Film	2 coats
Hiding Power	Full coverage over a two-tone test panel
Finish	High gloss, clear coat compatible
Application	HVLP spray gun, 1.3-1.4 mm nozzle
Dry Time	Touch dry 30-40 minutes, full cure 12-24 hours at 25 C
Shelf Life	2 years in original sealed can
Packing	12 cans per carton, code ML-B05, palletized

Key Performance Features

- **Consistent pearl distribution across coated surface**
- **Reliable colour repeatability for refinish jobs**
- **Controlled flash off speed for blending operation**
- **Superior basecoat adhesion to prepared substrates**
- **Good compatibility with standard clear coat layers**

Manufacturer Advantages

Guangzhou Meklon Chemical Technology Co., Ltd

Guangzhou MEKLON Chemical Technology Co., Ltd. is an automotive coatings manufacturer specializing in paints, primers and additives. Established in 2015, it operates an ISO 9001 certified quality system with an export share of 80-90%, supplying body shops and distributors with low VOC products, color formula support and training.

Global Reach: Sales network covers more than 65 countries with over 1,500 customers in China

Industry Partnerships: Established relationships with well-known automobile manufacturers, shipbuilding, and machinery manufacturers

Professional Support: Comprehensive technical support and timely after-sales service from order placement through completion

Custom Solutions: Customized options available for special colors and effects to meet individual customer requirements

The multi-dimensional manifestation of technical professionalism

- **Resin and Curing System:** The technical team has a profound understanding of the cross-linking reaction mechanism of acrylic resin and isocyanate curing agent, and can precisely control the drying speed of the film as well as the balance between final hardness and flexibility. Special formulations are developed for high humidity and heat, cold regions, and strong-UV environments.
- **Color Development Capability:** Leveraging a rich color master system and a professional color matching database, the company quickly matches the original factory colors of various vehicle models, meeting the strict color accuracy requirements of the repair market.
- **Safety and Compliance Assurance:** All products are classified in accordance with the UN GHS system and Chinese national standards (GB 30000 series), with complete SDS and compliant labels meeting GB/T 16483 and GB 15258. Export batches carry an authoritative Cargo Transportation Condition Appraisal Certificate ensuring full chain safety and compliance.

Frequently Asked Questions

Q: What is your MOQ?

A: Our MOQ starts from [1 drum / 20L] for standard colors and [100L] for custom color matching. Mixed containers are accepted to help you test the market.

Q: Can I get samples before ordering?

A: Yes. Free [100ml] samples of standard shades are available; you only cover the freight. Custom color samples are ready in [3–5] working days

Q: Do you support OEM/ODM and private label?

A: Yes. We offer OEM/ODM with your logo, label, and packing design. Our R&D team can also develop shades to your color chip or spectrometer data.

Q: Can I get a sample before bulk order?

A:Yes. Sample is available in 3–5 days, sample cost refundable against your first bulk order.
